

ICE-MELTING PRODUCTS

MANY ICE MELTING PRODUCTS CAN BE CLASSIFIED AS EITHER PURE OR MIXED. MIXED PRODUCTS ARE MORE ECONOMICAL & MAY CONTAIN LIMESTONE IN ORDER TO PROVIDE "GRIPPING" POWER TO PEOPLE AND VEHICLES WHEN ICE MELTS AND RE-FREEZES.

THE PRODUCTS BELOW ARE MADE FROM ONE OR MORE OF THE FOLLOWING DE-ICERS: SODIUM CHLORIDE, POTASSIUM CHLORIDE AND CALCIUM CHLORIDE WITH LIMESTONE ADDED FOR TRACTION IN THE EARTHLINK ICE MELTER.

ROAD SALT ICE MELTER

- An economical ice melter using sodium chloride.
- No dye or traction aid.
- **25kg bag**

EARTHLINK ICE MELTER

- For normal winter conditions.
- Contains traction aid for increased safety.
- Contains indicator dye for ease of application.
- **18kg bag**

INDUSTRIAL ICE MELTER

- For tough winter conditions.
- Extra strength, tough & heavy duty ice melter.
- Contains Calcium Chloride
- Multiple Ingredients, good for varying Winter Conditions
- Contains indicator dye for ease of application.
- **18kg bag**
