

Solo®

Presents the

421S Portable Spreader

Description: The Solo model 421S portable spreader is designed for spreading a variety of materials over irregular terrain more conveniently than a wheeled spreader. A few of the possible uses include:

Ice Melters	Seed	Bird Seed	
Oil Absorbers	Fertilizer	Feed Stock	
Cleaning Agents	Pelletized Lime	Wild Game Feed	Sand, etc.

Capacity: Up to 20lb of seed, fertilizer, pelletized materials, sand or ice melter.

Agitator: Built in agitator allows material to drop onto impeller evenly, improving uniformity of spread and eliminating blockages.

Gear Drive: Convenient crank handle operated, fully enclosed gear box drives agitator and provides smooth impeller operation. Lubricated metal gears assure long life and durability.

Controls: Adjustable for both direction and volume with simple, fingertip controls.

Non-Rusting: Rugged reinforced polyethylene materials prevent rust and clogging. Simple soap and water cleanup.

Padded Strap: Comfortable design with cross shoulder, adjustable padded strap.

Filler & Cap: Larger filler opening for easy fill up and screw on cap to prevent spillage and protect operator from chemicals and dust.

Free Standing: Constructed to stand upright even with hopper full.

Weight: 5.5lbs. (Empty)

Parts List: Parts list and owner's manual included.

Packaging: Four colour descriptive label with the "Inside Story" and UPC.
