

The Taylor's Coastal Wildflower Mix is designed with the Northwest in mind. The mix is made up of 25 species. Approximately 55% are annuals, and 45% perennials. The first year will be a great show of colour with the annuals, and the succeeding years the perennials/biennials will be established to add to the magnificent colour show. This mix will grow 30 - 36 inches in height.

Botanical Name	Common Name	%
<i>Centaurea cyanus</i>	Bachelor Button, Polka Dot Mix	9
<i>Lupinus perennis</i>	Perennial Lupine	7
<i>Gaillardia aristata</i>	Blanket Flower	6
