

Taylor's Partial Shade Wildflower Mix is designed for those hard to establish areas that are shaded. This mix will work very well with about 40% sunshine. All flowers do best in full sun, and this Partial Shade mix will flourish and prosper with filtered sun. The mix is made up of 16 species, of which annuals make up 70% and the perennials/ biennials make up 30%. This mix should grow to a height of 24 - 30 inches.

Botanical Name	Common Name	%
Cynogossium amabile	Chinese Forget-Me-Not	20
