

Our Coastal Wildflower Mix is designed with the Northwest in mind. The mix is made up of 25 species: 55% annual and 45% perennial. The first year will be a great show of color with the annuals and the succeeding years the perennials/biennials will be established to add to the magnificent color show. This mix will grow 30 - 36 inches in height.

Botanical Name	Common Name	%
Centaurea cyanus	Bachelor Button, Polka Dot Mix	9
Lupinus perennis	Perennial Lupine	7
Gaillardia aristata	Blanket Flower	6
