

MOSS AWAY

5-0-0 Liquid Lawn Food with 18.6% Ferrous Sulphate

Controls lawn moss infestations while helping to make
your lawn a deep, green colour.

Moss Control in Lawns:

Moss will take over under conditions of poor light, poor drainage and inadequate plant food. Prune trees to open up and reduce shade. Improve drainage with tilting, slit trenching or contouring. Fertilizer with Country Green Moss Away 5-0-0 Liquid Lawn Food with 18.6% Ferrous Sulphate on a regular basis. For immediate control of moss, water lawn thoroughly.

Directions:

Mix well before applications. Mix 1 L of Moss Away in 10-13 L of water. Covers approx. 93 m². For best results, hold sprayer level and direct spray in a sweeping side-to-side movement.

Application:

Spray evenly over moss infested lawn.

Water in to wash of grass blades, then withhold water for several days. If infestation of moss is heavy, repeat the above application every four weeks until results are obtained. This product should be used as part of a complete fertilizer program.

Precautions:

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing spray mist. Store container tightly closed and away from children and pets. Wash hands after use. Do not use on or allow spray to contact cement products such as sidewalks, patios, blocks, stucco, etc. Will stain stone, brick, masonry or light coloured siding. May corrode bare metal. Flush off spills with clear water.

First Aid:

If swallowed, get medical attention or contact a poison control center. If in eyes, flush with plenty of water and get medical attention or contact a poison control center. If on skin, wash with soap and water.

Disposal:

Do not reuse container. Dispose empty container with household garbage.

Guaranteed Minimum Analysis:

Total Nitrogen (N):..... 5.0 %
Sulphur (S):..... 3.5 %
Iron (Fe) (actual):..... 6.0 %
Ferrous Sulphate (actual):..... 18.6 %
