DISEASE RESISTANT

Perennial Ryegrass

QUICK FACTS

**BANFIELD** (IS-PR 491) is a versatile perennial ryegrass with the highest marks for overall turf quality. According to recent data from the 2010 Perennial Ryegrass NTEP, 75% of the time Banfield is in the top 25% of all entries across all trials. This was the highest score given! Banfield is wear tolerant, gray leaf spot and brown patch resistant, and demonstrates very good recovery from drought.

ADAPTATION

**BANFIELD** was developed for permanent turfgrass blends and mixtures containing improved perennial ryegrass; Kentucky bluegrass; chewings, slender creeping and strong creeping red fescue, colonial bentgrass and turf type tall fescue. It can also be used for winter overseeding programs on greens, tees and fairways, either alone or in species mixtures. Especially suited for southern locations.

- ✓ SUPERIOR TURF QUALITY
- ✓ PROVEN WEAR TOLERANCE
- ✓ MED-DARK GREEN COLOR
- ✓ VERY VERSATILE VARIETY
- ✓ HIGH DISEASE RESISTANCE TO BROWN PATCH, GRAY LEAF SPOT AND PINK SNOW MOLD
