Mountain Wildflower Mix

Our Mountain Wildflower Mix is designed to do exceptionally well in the mountain areas of the Pacific Northwest. This mix consists of 18 species: 50% annuals and 50% biennials or perennials which means the mix will give color the first year and prosper for many following years. Many of these varieties do very well in higher elevations with limited moisture. This mix will reach a height of approximately 36 - 48 inches.

Please be responsible when introducing new species to areas near ecologically sensitive environments.

Botanical Name	Common Name	% by Weight
Linum lewisii	Blue Flax, Perennial	13
Gaillardia aristata	Blanketflower	10
Cheiranthus allionii	Siberian Wallflower	9
Echinacea purpurea	Purple Coneflower	9
